AFRICA

INSPIRING LUXURY ADVENTURES

2024

“I never knew a morning in Africa when I woke up that I was not happy.”

— Ernest Hemingway

Dear Traveller,

I am an African by birth and inclination. I spent my childhood on a beautiful farm in the South Kinangop, in the foothills of Kenya's Aberdare Mountains, sharing the land with the local Kikuyu tribespeople and the full complement of wild East African animals.

Hyenas barked and whooped outside our windows; snakes regularly, and leopards occasionally, crossed our front lawn; and one night a rhinoceros barrelled into our house with such force the impact shook us all awake. In my first few years of school, my Swahili was probably better than my English.

My rites of passage through adolescence and into early adulthood were also like scenes from an African boy's own adventure: I rode a vintage motorcycle 5,000km from Nairobi to Cape Town at 16, and climbed Mt Kilimanjaro at 17, before my love of polo took me to the Royal Military Academy Sandhurst in faraway Berkshire.

In the early 1960s, while I was home for the holidays with friends from the UK, my parents and I established Abercrombie & Kent in Kenya. We were pioneers of the luxury photographic safari, and went on to build a global travel company and many of the finest safari camps in East and Southern Africa.

Of course, amazing accommodation, comfort and style are only a few of the facets of an Abercrombie & Kent safari. We also have the best-trained guides, travel experts on the ground across the continent, and real roots in communities we have been working with for decades. Over the years, thousands of the world's most discerning travellers – including royals, movie stars and giants of the business world – have trusted their African experience to A&K.

I always say to people, if they want to see any place in the world at its very best, they should see it with A&K. And if they want to see A&K at our very best, they should come to Africa.

I hope the ready-to-book journeys and bespoke travel experiences here whet your appetite for an adventure in grand style.

Enjoy exploring!

Why Choose an A&K Journey

Abercrombie & Kent takes you to the heart of a destination in extraordinary style and comfort, with authentic local insight, unforgettable encounters, and exclusive access privilege.

The Leader in Luxury Travel Experiences

From fledgling days on the plains of Kenya in 1962, Abercrombie & Kent pioneered the modern luxury African safari, taking intrepid guests on grand adventures into the wilderness, and always doing it in style. In those early days, the founders would take along the family's own silverware and fine china, an old Land Rover and British Army-issue safari tents. Six decades later, A&K is still setting the standard for an African journey like no other, delivering authentic, inspiring experiences beyond the usual tourist destinations. While other safari companies subcontract their services from continents away, we live and work every day in the very areas you visit.

Our People

A&K works tirelessly to design adventures you won't see from any other travel company, backed up by the most robust support network, including over 55 offices in more than 30 countries around the world. Unlike other operators, we recruit, train, and manage our own full-time staff, orchestrating every aspect of your journey with precision and flexibility, down to the last detail. Whether it's the seamless flow of an A&K itinerary or the prompt attention paid to an unexpected request, you can be sure that our global family is the driving force making it happen.

A&K's Journey Designers

Our Journey Designers regard travel not as an occasional diversion, but as a calling that stimulates the mind and nourishes the spirit. Exceptionally well-travelled individuals with an average of more than 10 years' travel industry experience, each is an expert in their chosen region of the world. They're also born adventurers who can advise on the best places to visit because they've usually been there themselves already. They're in constant touch with A&K's partners and our network of offices throughout the region and throughout the world, with access to the most up-to-date information at their fingertips. Your Journey Designer also gets to know you as an individual, either through your travel advisor or directly with you, one traveller to another, to make sure your journey is everything you want it to be.

Local Presence & Privileges

Our long-standing connections – and 10 permanent, full-time offices across Africa – allow us to offer the most desirable room categories, the best game-viewing locations for lodges and camps, access to exclusive tours with the best historians in the region, as well as unmatched service at every stage of your journey. This kind of unencumbered insight into the authentic heart and soul of a place – to the people and sites that exist far beyond the reach of the average traveller – is something we pride ourselves on and ensure we deliver on every journey we create.

Simply the Best Guides

It is often said that a guide can make or break a special journey. We agree. A&K's guides are the best in the world and deliver superlative experiences in every destination. They are handpicked for their expertise in the wildlife, flora and culture of Africa. All are blessed with extensive knowledge and the ability to bring local attractions to life. Multilingual and well-travelled, each possesses insight to ensure the finest vantage points for game-viewing, placing you right in the centre of the action with enlightening cultural interactions that will add depth to your journey.

Custom Safari Vehicles We Design, Build & Own

While other safari providers rent or lease their vehicles, A&K owns and maintains its own custom fleet – the finest in East Africa and elsewhere. Our fleet is built to our specifications, with high front and side windows providing great views, air-conditioning in most vehicles (a blessing on hot afternoons in the bush), a refrigerator filled with chilled water, and even Wi-Fi access.

A Long-Standing Commitment to Local Communities

Conservation and philanthropy have been integral parts of A&K's operations for decades, long before they became *de rigueur* for other operators. Working hand-in-hand with local tribes and villages, we fund schools and clinics and generate opportunities for employment that benefit their communities. Grassroots Abercrombie & Kent Philanthropy projects like these are included on several of our Africa journeys, welcoming our guests to participate in travel that changes lives. See page 56 for more information.

Excellence Recognised

A&K's African safaris have won acclaim from guests and travel professionals alike. We've been named "Africa's Leading Luxury Tour Operator" for the ninth consecutive year at the World Travel Awards. In Africa and throughout the world, A&K sets the benchmark.

Safety You Can Trust

With experience comes excellence and reliability, and with A&K this translates to peace of mind and security. The safety of our guests is always our priority. Our network of local offices and long-established relationships in this region, and in every region in which we operate, allows us to keep our finger on the pulse of local dynamics and developments. If unexpected events occur, A&K has resources at the ready, and you can rely on us to go the extra mile to ensure your wellbeing and allow you to safely continue your journey.

Discover Africa on a Journey Made Just For You

Your ideal journey starts with a dream, and a deep desire to experience a part of the world in a new way or for the first time. And our Journey Designers are here to create itineraries perfectly suited to your style, your interests and your budget.

Seamless, Ready-To-Travel Suggested Journeys

In this brochure, and in more detail on our website, you will find a range of suggested itineraries exclusively designed by our experts. Each element of each itinerary is carefully considered in terms of guest enjoyment, travel logistics, and how it fits in the overall pace and flow of the journey. Each itinerary is travelled and tested, to ensure we present the destination in the best possible manner in seamless style and comfort. These suggested journeys are all designed to give you an incomparable travel experience and are operated on a private basis for you and your travelling companions. Each is ready-to-book and ready-to-travel on dates to suit you.

Find Your Inspiration

Decades of in-country expertise means our Journey Designers can curate exceptional activities and experiences for you that are beyond the reach of the average traveller. In each destination, a list of some of these unique experiences is featured. Some of these also appear in our suggested journeys, but they can also be pieced together to form the framework for your own bespoke adventure.

No Two Holidays Are the Same

Our suggested journeys are just that, suggested. Should you need to deviate from the proposed route, add a different focus or start from scratch, our Journey Designers are poised to start the conversation with you, or your travel specialist, to craft the holiday of your dreams.

It's simple. Tell us where and how you'd like to travel and we'll create or curate a journey to match, with as much or as little direction from you, and drawing on the expertise of locals from our offices throughout Africa. By tailor-making your journey with an A&K Journey Designer, you are assured a unique experience from booking to boarding and beyond.

Itineraries You Won't Find Anywhere Else

With our unrivalled knowledge, A&K can create journeys that feature iconic destinations and perfect pacing, all seamlessly orchestrated for the luxury traveller. These are journeys that unfold with the narrative flow of a good book or a great film. Our approach and network advantages also bring practical benefits, including tailored transfer and flight routings to allow for extra time exploring, and longer stops in the places you most want to see.

Genuine, Cultural Immersion

We ensure every one of our journeys includes authentic encounters. Imagine a walk through a thicket of acacias in Kenya's Northern Frontier district with your A&K naturalist guide who grew up in a nearby village and has been reading the signs of the bush his entire life. He pauses, listening for an alarm call, and points in the direction of a termite mound. Suddenly, a spotted pelt appears and two cheetah emerge, on the prowl. Our guides offer the kind of insight that only comes from being a local and at one with the land. The result is a journey that reveals the real spirit of the people, and the place, in a way you'll never forget.

Truly Luxurious Accommodations That Inspire, Enhance & Delight

The quality of the accommodation we use is one of the many things that sets an A&K journey apart. On all handcrafted tailor-made and Small Group Journeys, we select only the most remarkable hotels, boutique lodges and ships, each of which must combine superior service, a sense of place, local character and unanticipated luxuries.

Award-Winning, Iconic Hotels

When luxury is what you're looking for, there's no reason to settle for second best. Our local experts choose only the very best hotels in a given destination. In many cases, their choice will be the undisputed local favourite, synonymous with five-star style, often a *Condé Nast Traveler* Gold List or *Travel + Leisure* World's Best property.

But the choice might also be a whispered secret, a better option, a small but perfectly formed boutique property with a certain significant atmospheric, experiential or locational advantage. This firsthand knowledge allows us to recommend the perfect fit for you and your itinerary.

One-of-a-Kind Locations

When considering a hotel, our experts look at more than just the rooms. Wherever possible, we arrange for you to stay close to the places you most want to see, close to the people you'll most enjoy meeting, and close to the experiences you'll most enjoy discovering. We'll choose the right option from among the region's best properties, whether historically iconic, coveted high design or supremely located on the edge of wilderness.

A Day on Safari

Being on safari, in the vast terrains of Africa, means seeking out rare wildlife in its natural habitat. This is how a typical day in the bush might unfold.

Your luxury safari in Africa begins early, with a hot mug of coffee or tea delivered to you in bed. Outside, the sun is just beginning to peek over the horizon, and you emerge dressed for the day and armed with camera and binoculars. Marvel at the landscape which is stunning in its vastness and tranquility. Fortified against the early morning chill, you board the safari vehicle with your driver/guide and set out on the first of the day's game drives.

While each area has its own distinct wildlife population, there is little predicting what you will see in the bush. Elephant may gather around a watering hole; a pair of male cheetah may be seen scanning the surrounds for signs of prey; hyena, perhaps, tear into an early-morning kill; and herds of grazing giraffe and zebra may march across the plains. Your experienced guide has a sixth sense when it comes to wildlife and never fails to get you into the heart of the action. After a few hours of game viewing, stop for a hearty breakfast, either back at your accommodation or at a table laid specially for you in the wild.

In Africa, the animals lie low during the midday heat, so you do, too. After lunch back at camp, there's time to nap, lounge by the pool, take a short nature walk or soak up a spa treatment, or simply relax in the pristine surrounds.

After a light afternoon tea, set out on a second game drive. As the sun starts to set, stop at a scenic spot for sundowners, the quintessential sunset cocktails on safari, before returning to camp. Dinner in the

bush is always an event, with freshly prepared, multi-course meals at elegant settings. After dinner, gather around the campfire for stories and stargazing, or retire in preparation for another inspiring day on safari.

East Africa or Southern Africa

As you decide which A&K safari journey best suits your travel interests, it helps to understand how the safari experience differs between East Africa and Southern Africa.

East Africa: A Classic Appeal

East Africa (including Kenya, Tanzania, Uganda and Rwanda) is the definition of classic safari country. Home to the vast Serengeti and Masai Mara, and the teeming Ngorongoro Crater, East Africa has formed the backdrop for legendary safari expeditions since the storied days of Ernest Hemingway and Karen Blixen, and it is also the birthplace of A&K.

In northern Tanzania, the seemingly endless horizon of East Africa yields to Mount Kilimanjaro – the tallest mountain in Africa, at 5,895 metres. Those who would conquer it can do so in style with A&K, enjoying the highest summit rate of any operator in Africa.

Wildlife viewing throughout Kenya and Tanzania is reliably spectacular. Africa's iconic species – lion, leopard, elephant, rhino and Cape buffalo – are sighted here in vast numbers and on a regular basis, along with hundreds of other species, ranging from wildebeest and zebra to antelope and cheetah. Up-close encounters with endangered mountain gorilla communities and other rare primates are also available on treks through the mountain forests of Uganda and Rwanda.

East Africa's wide-open grasslands also bear witness to the Great Migration, one of nature's most incredible spectacles, when millions of wildebeest, zebra, antelope and other herd animals make their annual trek in search of water and fresh grazing land, stalked by predators every step of the way. The Great Migration vividly illustrates the timeless cycle of life and death in the wild. See pages 34-39 for more information.

Southern Africa: Dynamic and Diverse

Southern Africa, an area encompassing Zambia, Zimbabwe, Botswana, Namibia, South Africa, Malawi and Mozambique offers dynamic topography. Variety abounds, from the lily-covered lagoons of Botswana's Okavango Delta, to incomparable Victoria Falls, which borders both Zambia and Zimbabwe, to the stark, stunning sand dunes of the Namib Desert, and the bushveld of South Africa's private reserves.

Southern African wildlife is similarly diverse, with the iconic big cats – lion, leopard and cheetah – always on the prowl. In Botswana, the lush Okavango Delta draws a profusion of species, including hippos, giraffes, crocodiles, rhinos and baboons, which A&K guests encounter in the uncrowded intimacy of private game reserves.

The nation of South Africa offers first-rate culinary and cultural opportunities, ranging from tastings at award-winning wineries in the beautiful Cape Winelands, to visits to historical sites and the majestic Table Mountain in the country's cosmopolitan "Mother City," Cape Town.

Pairing an African safari with a relaxing extension can be the perfect way to acclimatise yourself at the beginning of your journey, or an indulgent last chapter to your safari adventure. The seemingly endless beaches of Mozambique can be reached with direct flights from South Africa, whilst the abundant natural beauty of Malawi can be easily combined with Zambia or Zimbabwe.

From the wild Kalahari to the lush KwaZulu-Natal, the nomadic San people to the cosmopolitan Capetonians — South Africa is truly a land of diversity. Its vineyards yield world-famous wines while its coast sparkles. The spectacular wildlife that calls this country home is ever-present and sensational.

A&K has access to many extraordinary properties and several very special vessels, perfect venues for a milestone celebration or a multi-generation family adventure. Names to conjure with include Singita Castleton in South Africa, MV Matusadona in Zimbabwe, Cottar's House in Kenya, and a couple of other favourites:

For example, in Nakatindi Village, Zambia, AKP has initiated projects that include: constructing boreholes for clean water, establishing a community bike shop, expanding the school's vegetable garden to generate income and supplement children's diets, and building a medical clinic and maternity ward to address the medical needs of the community.

Sustaining an Unmatched Local Presence

With full-time, locally-based coordinators serving our partner communities in Kenya, Tanzania, Zambia, Botswana, India, Peru, Sri Lanka and Southeast Asia, AKP is fostering philanthropic commitments unprecedented in the travel industry. Focused on making the most of our efforts in the field, these community development professionals are also uniquely qualified to share these projects with you, our guests.

If you'd like to meet one of our Philanthropy Coordinators and experience an AKP project firsthand, please contact A&K or your travel advisor to arrange a site visit on your next journey.

Case Study: Bike Shop Programme

AKP Australia mounted a successful campaign to ship a container load of secondhand bikes to northern Tanzania where a new bike shop is being established near the World Heritage-listed Ngorongoro Crater. Over 400 bikes were donated and have safely arrived at their destination.

A&K Australia staff, friends and family co-ordinated the project spending two weekends gratefully receiving bikes from right across Melbourne. Every bike came with a story and the next chapter is being written as another transformational community bike shop opens in Africa.

AKP's inspirational bike programme enables mobility in the communities where the shops

are established. This means health care workers can see more patients, students can get to school, workers can get to work more easily, and families can carry more goods to and from home. In turn, the passionate women who run the operation earn an income enabling them to support their families. A&K travellers visiting the destination are encouraged to stop by the project and see firsthand the difference being made, even hiring a bike for a morning's ride around the neighbourhood.

In addition to Tanzania, AKP also supports the operations of bike shops in Zambia, Botswana, Uganda and Jordan with each bike shop employing five women and close to 10,000 bikes already shipped by AKP.
