THE AMERICAS
INSPIRING LUXURY ADVENTURES

2024

Certainly, travel is more than the seeing of sights; it is a change that goes on, deep and permanent, in the ideas of living.

— Mary Ritter Beard

Dear Traveller,

As someone who grew up in Africa, I had always said to my wife Otavia, who is Brazilian, that Victoria Falls must be the greatest falls on earth. That was before I saw Iguazú in all her glory, a genuine wonder of the world, her cascading veils, her siren call, and I lost my heart all over again.

North, Central and South America are dreamlands of incredible and varied beauty, which tell a captivating story of diversity and adventure. This is truly another world. A world where the past is always present, the people are spirited and welcoming, the laughter pervasive, and the next festival or feast day never far away.

The story begins in South America through the pre-Columbian civilisations of the Inca, Nazca and Tiwanaku, down over the teeming ecosystems of the Galápagos and the Amazon, and from staggering Machu Picchu to the dramatic wilds of Patagonia, with its horn-shaped peaks, its deep blue icebergs and soaring condors.

Turn the pages and find yourself in Central America, with its sapphire seas and lush forests, extraordinary Maya ruins and smouldering volcanoes. From the palm-fringed beaches of Mexico to the fractured jazz of old Cuba, and a fiery cuisine – Central America and the Caribbean could write entire chapters on paradise.

The story takes a turn at the very North, in the USA, with its larger-than-life peoples, mind-boggling canyons, vast deserts, and iconic city scapes. Seeing it up-close never fails to re-ignite nostalgia. Add in Canada and Alaska, their roaming bears and epic, raw wilderness, and suddenly, the North becomes a continent of staggering extremes.

With lively cities to get lost in, stories to hear, dishes to savour and dances to learn, as well as designer hotels and eco-lodges, gorgeous estancias, luxury trains and glamorous high desert camps – and you'll never want to leave.

It's one of my very favourite destinations on earth, and no-one can take you there like A&K.

Enjoy exploring!

Why Choose an A&K Journey

Abercrombie & Kent takes you to the heart of a destination in extraordinary style and comfort, with authentic local insight, unforgettable encounters, and exclusive access privilege.

The Leader in Luxury Travel Experiences

For over 60 years, Abercrombie & Kent has been a pioneer in the world of luxury travel, redefining the notion of what is possible on holiday and delivering travel experiences that change the way travellers see the world, and themselves. We've made it our business to specialise in destinations and itineraries that are extraordinary, creating exquisite adventures handcrafted to exceed the expectations of even the most discerning travellers.

Our People

A&K works tirelessly to design adventures you won't see from any other travel company, backed up by the most robust support network, including over 55 offices in more than 30 countries around the world. Unlike other operators, we recruit, train and manage our own full-time staff, orchestrating every aspect of your journey with precision and flexibility, down to the last detail. Whether it's the seamless flow of an A&K itinerary or the prompt attention paid to an unexpected request, you can be sure that our global family is the driving force making it happen.

A&K's Journey Designers

Our Journey Designers regard travel not as an occasional diversion, but as a calling that stimulates the mind and nourishes the spirit. Exceptionally well-travelled individuals with an average of more than 10 years' travel industry experience, each is an expert in their chosen region of the world. They're also born adventurers who can advise on the best places to visit because they've usually been there themselves already. They're in constant touch with A&K's partners and our network of offices throughout the region and throughout the world, with access to the most up-to-date information at their fingertips. Your Journey Designer also gets to know you as an individual, either through your travel advisor or directly with you, one traveller to another, to make sure your journey is everything you want it to be.

Local Presence & Privileges

When you travel with A&K, we don't just take you to the front of the line, we take you into the rooms in the palace not typically open to visitors, on an exclusive tour with the best historian in the region. This kind of unencumbered access to the authentic heart and soul of a place – to the people and sites that exist far beyond the reach of the average traveller – is something we pride ourselves on and ensure we deliver on every journey we create, whether to most iconic luxury travel destinations across North, Central and South America, or to more off-the-grid and under-the-radar places and experiences.

Expert Local Guides

It is often said that a guide can make or break a special journey. We agree. A&K's guides are the best in the world and deliver superlative experiences in every destination. All are blessed with extensive knowledge and the ability to bring local attractions to life. Multilingual and well-travelled, each possesses insight into diverse attractions and cultural interactions throughout the region, enlightening you in every locale with insider information that adds depth to your journey.

A Long-Standing Commitment to Local Communities

Conservation and philanthropy have been integral parts of A&K's operations for decades, long before they became *de rigueur* for other operators. Working hand-in-hand with local villages and communities, we fund schools and clinics and generate opportunities for employment that make a real difference. Grassroots Abercrombie & Kent Philanthropy projects like these are included on several of our journeys across the Americas, welcoming our guests to participate in travel that changes lives. See page 46 for more information.

Safety You Can Trust

With experience comes excellence and reliability, and with A&K this translates to peace of mind and security. The safety of our guests is always our priority. Our network of local offices and long-established relationships in this region, and in every region in which we operate, allows us to keep our finger on the pulse of local dynamics and developments. If unexpected events occur, A&K has resources at the ready, and you can rely on us to go the extra mile to ensure your wellbeing and allow you to safely continue your journey.

Discover the Americas on a Journey Made Just For You

Your ideal journey starts with a dream, and a deep desire to experience a part of the world in a new way or for the first time. And our Journey Designers are here to create itineraries perfectly suited to your style, your interests and your budget.

Seamless, Ready-To-Travel Suggested Journeys

In this brochure, and in more detail on our website, you will find a range of suggested itineraries exclusively designed by our experts. Each element of each itinerary is carefully considered in terms of guest enjoyment, travel logistics, and how it fits in the overall pace and flow of the journey. Each itinerary is travelled and tested, to ensure we present the destination in the best possible manner in seamless style and comfort. These suggested journeys are all designed to give you an incomparable travel experience and are operated on a private basis for you and your travelling companions. Each is ready-to-book and ready-to-travel on dates to suit you.

Find Your Inspiration

Decades of in-country expertise mean our Journey Designers can curate exceptional activities and experiences for you that are beyond the reach of the average traveller. In each destination, a list of some of these unique experiences is featured. Some of these appear in our suggested journeys, but they can also be pieced together to form the framework for your own bespoke adventure.

No Two Holidays Are the Same

Our suggested journeys are just that, suggested. Should you need to deviate from the proposed route, add a different focus or start from scratch, our Journey Designers are poised to start the conversation with you, or your travel specialist, to craft the holiday of your dreams.

It's simple. Tell us where and how you'd like to travel and we'll create or curate a journey to match, with as much or as little direction from you, and drawing on the expertise of locals from our offices throughout the Americas. By tailor-making your journey with an A&K Journey Designer, you are assured a unique experience from booking to boarding and beyond.

Itineraries You Won't Find Anywhere Else

With our unrivalled knowledge, A&K can create journeys that feature iconic destinations and perfect pacing, all seamlessly orchestrated for the luxury traveller. These are journeys that unfold with the narrative flow of a good book or a great film. Our approach and network advantages also bring practical benefits, including tailored transfer and flight routings to allow for extra time exploring, and longer stops in the places you most want to see.

Genuine, Cultural Immersion

We ensure every one of our journeys includes authentic cultural encounters. Imagine strolling the market of a little-known village alongside a friendly local – your A&K guide – who grew up just down the street and has probably known some of the vendors there her entire life. She makes warm introductions and suddenly you are taking a bite of some exotic fruit picked just that morning. Our guides offer the kind of insight into local culture that can only come from being a local. The result is a journey that reveals the real spirit of the people, and the place, in a way you'll never forget.

Truly Luxurious Accommodations That Inspire, Enhance & Delight

The quality of the accommodation we use is one of the many things that sets an A&K journey apart. On all handcrafted tailor-made and Small Group Journeys, we select only the most remarkable hotels, boutique lodges and ships, each of which must combine superior service, a sense of place, local character and unanticipated luxuries.

Award-Winning, Iconic Hotels

When luxury is what you're looking for, there's no reason to settle for second best. Our local experts choose only the very best hotels in a given destination. In many cases, their choice will be the undisputed local favourite, synonymous with five-star style, often a *Condé Nast Traveler Gold List* or *Travel + Leisure World's Best* property.

But the choice might also be a whispered secret, a better option, a small but perfectly formed boutique property with a certain significant atmospheric, experiential or locational advantage. This firsthand knowledge allows us to recommend the perfect fit for you and your itinerary.

One-of-a-Kind Locations

When considering a hotel, our experts look at more than just the rooms. Wherever possible, we arrange for you to stay close to the places you most want to see, close to the people you'll most enjoy meeting, and close to the experiences you'll most enjoy discovering. We'll choose the right option from among the region's best properties, whether historically iconic, coveted high design or supremely located on the edge of wilderness.

Intimate Boutique Camps & Lodges

As a home base on secluded and extraordinary wilderness adventures, our more off-the-beaten track journeys feature luxurious boutique camps and lodges available to fewer guests and always with an incredible front seat to scenery and wildlife, often just outside your door.

Chile

Discover Chile's breathtaking landscapes from the desert of the north to the glaciers of the south, sip on some of the world's finest wines, take in a colourful sunrise on Easter Island and dip your toes into therapeutic thermal waters. From the moment you set foot on Chilean soil, you'll travel from the ordinary into the extraordinary. No matter how you choose to spend your days, you'll be treated to Chile's spirited hospitality and a distinct feeling of home.

Extraordinary Ways to Experience Chile

Discover Chile's Lake District

Nothing prepares you for the wilds of Chile's Lake District. Discover a vast, unspoiled landscape filled with contrasting ancient forest, fertile farmland, sapphire-blue lakes and glowing volcanoes. Find a hiker's paradise, learn to ride horses Chilean style, flyfish on the banks of impossibly clear rivers and marvel at the Indigenous Mapuche culture.

Often cited as the jewel in the crown of Santiago's diverse museum scene, the Chilean Museum of Pre-Columbian Art offers a window into South America before Spanish explorers arrived. Take advantage of an exclusive out-of-hours visit to the collection, admiring artefacts from an era when Chile's Indigenous peoples ruled.

Uncover the Mysteries of Easter Island's Moai

Over 3,700 kilometres off the west coast of Chile is the island of Rapa Nui (Easter Island). Standing guard over this exposed triangle of volcanic rock seemingly lost in the South Pacific are hundreds of iconic *moai* statues. Carved from the island's volcanic rock, the statues have baffled experts and inspired romantics for centuries.

Dine with a Chilean Chef

For an enriching culinary experience in Chile, accept a personal invitation into the home of a local cook and art lover. Enter her kitchen, where she will guide you through the preparation of delicious Chilean recipes, and reveal some of her culinary secrets. Then enjoy a feast of Chilean dishes complemented by excellent Chilean wine.

Go Glamping in the Otherworldly Atacama Desert

For solitude and seclusion, look no further than A&K's exclusive and intimate camp in the Atacama Desert. Located 2,400 metres above sea level, the Atacama region is home to a spectacular range of rare sights, from geysers and salt lakes to dramatic mountain ranges and volcanoes. Galápagos

Take a front-row seat for nature's dizzying showcase of evolutionary magic: the Galápagos Islands. Each of the islands of this remote archipelago, located 1,000 kilometres off the coast of Ecuador, is a land of stark lava formations, cactus forests, lush green highlands and turquoise bays — overflowing with wildlife at every turn. Discover the natural mecca where the wildlife that inspired Charles Darwin's Theory of Evolution still flies, waddles and crawls freely. Simply choose your vessel or lodge with A&K, and let nature take care of the rest.

Meet The Locals

From the finches that inspired Darwin to the whales that return to the islands each autumn, wildlife sets the Galápagos apart. Encounter each island's unique species up close with the help of naturalist guides.

Sea Lion

The social sea lion hardly bats an eye at human visitors. When not congregating on the beach, they are swift, powerful swimmers. Want to swim with a sea lion? January through March is a great time of year for water clarity and warmer temperatures. Or come in October for a chance to snorkel with a sea lion pup.

Sally Lightfoot Crab

This brilliant-hued crab is perhaps the islands' most photogenic species. It occupies the rocky coasts, feeding on algae, year round.

Blue-Footed Booby

Given to foot-stamping mating displays that make it a favourite of Galápagos visitors, the endearing blue-footed booby may be found mating and nesting year round, depending on conditions.

Flightless Cormorant

Over the eons since arriving by air in the Galápagos, this living experiment from 'Nature's Laboratory' evolved into the world's only flightless seabird besides the penguin. It nests from May to October.

Marine and Land Iguana

Called the 'imp of darkness' by Darwin, the marine iguana is well adapted to the water, with finlike tails and teeth designed to scrape algae from rocks. Nesting begins in February. Its terrestrial kin, the land iguana, prefers dining on prickly pear cactus and has a mating schedule that varies from island to island.

Galápagos Penguin

Both the rarest and the most northerly penguin species, this island denizen arrived at the Galápagos via the chilly Humboldt Current from Antarctica. Penguins, and many other Galápagos bird species, such as the red-footed booby, start nesting in January.

Giant Tortoise

Overhunting and habitat loss nearly drove these placid, stately reptiles to extinction. Happily, conservation efforts are proving successful and many subspecies' populations are on the increase. Visit in January when eggs are laid or come between March and May to see its rare aquatic cousin, the green sea turtle, nesting on the beaches.

Luxury Expedition Cruises

Over 30 years since launching our first voyage to Antarctica, Abercrombie & Kent continues to set the standard for luxury expedition cruising. We stake our reputation on every voyage — insisting on only the finest Expedition Team, vessels, excursions, planning and service. We limit our exclusively chartered vessels to no more than 199 guests, affording a private balcony with every stateroom and a peerless personnel-to-guest ratio of 1 to 1.3. Every voyage is truly all-inclusive, encompassing all excursions, meals, house drinks and onboard gratuities. All of A&K's Antarctic journeys begin in Buenos Aires, with voyages departing from Ushuaia in Argentina's far south.

The Finest Guides in the Business

Occupying a category all their own, A&K's Expedition Leader and Expedition Team comprise a cast of extraordinary real-life characters — an average of 18 guides on every cruise — representing acclaimed scientists, historians, photographers, authors and true-to-life explorers. Their credentials and expertise in the regions we visit are matched only by their commitment to the success of your voyage, which they oversee down to the last detail.

On Board Sophistication

An A&K voyage to Antarctica offers an opportunity to experience the world's most pristine region at its very best, all from aboard the comfortable and sophisticated 'Le Lyrial.' Enjoy its stunning blue palette inspired by the Vega star and all-balcony staterooms and suites. On other cruises to different destinations, she carries more than 264 passengers; on voyages with A&K, we limit her capacity to just 199 guests. Fewer passengers in turn allows for more shore excursions each day and cabins with private balconies for every guest.

On the edge of the Earth, Antarctica represents the last true wilderness, a place of dramatic and untamed extremes. Very few make this unique trip deep into the wilds of the Southern Hemisphere, joining the ranks of legendary explorers like Shackleton.
